CompensatoryMitigationDiscussion 404Calls CorpsUSFWS 05222020.docx

Cami – As requested, here are my conversation notes from the last 2 meetings on the Pebble mine project that occurred on 5/21 and 5/28/20 specifically talking about compensatory mitigation, including some of our internal conversations within EPA after each meeting. Again, there is no summary; these notes are just my attempt to capture the back and forth of the conversation.
